## Florida Federation of Stamp Clubs

Edith Delle Shollenberger, President

Greetings to the members and friends of the Florida Federation of Stamp Clubs on this 10th Anniversary of the organization. The founding fathers — many of whom are still enjoying the benefits and pleasures derived from the Federation — have seen their child develop into an up and coming organization.

In the 10 years of its existence a number of projects have been undertaken and completed. The 19 Member Clubs and 3 Associate Clubs, with over 700 members, publish the Florida Philatelist which keeps members informed on the various activities of the Federation, programs and news of individual clubs.

Another project has been the publication of "Florida Postal History And Postal Markings". The compilation and editing of this monograph required the help and cooperation of many members and is a fine contribution to philatelic literature.

The last project has been the remounting of the stamp collection in the Lightner Museum of Hobbies in St. Augustine. More than 50 frames of stamps of the world have been mounted and arranged in an educational sequence which should be of interest to collectors and non-collectors alike.

The St. Petersburg Stamp Club, the host club for this 10th Anniversary, was also the host for the organization meeting and for the 5th Anniversary Meeting and Exhibition. To the members of this Club, thanks and appreciation for services so graciously offered.

As the Federation grows through the years it is hoped that more worthwhile projects will be undertaken, for only by research and work will the Federation continue to flourish and take its place in the World of Philately.

EDITH DELLE SHOLLENBERGER,  
President.

## Ten Per Cent Return Per Minute!

Let's see now. That is 600% return per hour, 14,400% per day or 5,256,000% per year. One cent invested for a year at that rate, uncompounded, will bring you back \$52,560.00. Seems like a lot of money.

Our deal is this: we suspect that there are people who read this ad who have NEVER WRITTEN US. Maybe by offering a fabulous return on your money, we'll break down that wall of reserve. Let's get friendly. It is worth a dime to be able to tell you of our capabilities.

So send us a buck today, currency only, no checks, no postage. One minute after we receive it, \$1.10 will be on its way to you . . . 10% per minute,\* and we'll know if you are listening or not. The dime won't make you rich. We'd like to know how much poorer an offer of this sort will make US. Maybe we'll be richer in friends.

**Herman Herst, Jr.**  
SHRUB OAK, NEW YORK

\* (No guarantees made on our arithmetic. We played hookey the day multiplication was taught, and had measles when they taught decimals . . . but we've been around the stamp business for over 25 years and have made many friends. Why not YOU?)

## Banquet Speaker

HARRY L. LINDQUIST

H. L. Lindquist, Editor and Publisher of STAMPS, has been interested in hobbies and publishing since boyhood. Before he was 17 he was secretary of the American Society of Curio Collectors and editor of its magazine. In the early 1900's he had his own printing plant in Chicago.

In 1932, he founded the National Federation of Stamp Clubs and published the first issue of STAMPS magazine which has appeared weekly since that time. He has served as judge and commissioner of several international stamp shows in the United States and abroad, was President of CIPEX in 1947 and Honorary President of FIPEX in 1956.

He has been elected to the British Roll of Distinguished Philatelists, has received the Alfred F. Lichtenstein Memorial Award, and is a Fellow of the Royal Philatelic Society, London.

At the present time he is a member of Postmaster General Summerfield's Citizens' Stamp Advisory Committee, and is chairman of the People-To-People Hobbies Committee, Inc., one of 42 chairmen appointed by President Eisenhower in 1956 to promote friendship and understanding between citizens of the United States and those of other lands.

We are especially proud to have Mr. Lindquist as our banquet speaker at FLOREX 1959.

## Is Your Collection For Sale?

### AUCTION - PRIVATE SALE

No matter which method you prefer, we are qualified to serve you and can obtain top dollar value for your holdings.

### AUCTION

If sale by auction is preferred, consider the following facts. We believe that after a comparison of catalogues you will agree that it would be advantageous to avail yourself of our auction service.

### CATALOGUE

Well written with hundreds of photographs. We are justly proud of our catalogues as they rate among the finest edited.

### BREAKDOWN

Whether your collection is a well-known name collection or only worth several hundred dollars, it is handled in the same efficient manner. It is never thrown in as a single lot in order to save labor costs.

### FREE DISTRIBUTION

No charge is made for a catalogue at any time. They are mailed free to the clients on our extensive mailing list and to any one requesting a copy. We advertise in the Philatelic press that they are free on request. This assures greater competition and a wide coverage from many bid sheets on the material offered for sale. Free list of prices realized mailed to all bidders.

### PRIVATE SALE

Should you prefer private sale, we have an extensive clientele built over a period of many years. They have a diversification of interests and welcome the opportunity of acquiring single items or collections. Settlement after sale is prompt and the commission charge attractive. We welcome a comparison of our methods of selling at auction or private sale.
