## PRESIDENT'S WELCOME

To all we wish to extend a most sincere welcome on behalf of the Officers and members of the Florida Federation of Stamp Clubs. The Federation Show has been an annual event of this organization since 1950 when it held its first show in Winter Haven, FL on December 2<sup>nd</sup>. This show called "The ALL-STATE SHOW" went through name changes to MIPLEX and EXSTAMP and in 1954 officially became FLOREX.

We owe our existence to a group of dedicated people both in the Federation and in the show who gave endless hours of their time and service. To the Presidents and Vice-Presidents who led us through our history, the Secretaries and Treasurers who kept the accurate record of our comings and goings of both events and finances. The editors of our paper The Florida Philatelist and the District Directors who kept our state wide organization informed of the events and desires of our many club members, the Chairman and Assistant Chairman of our show. But most of all to the many volunteers who worked so very hard and made it all possible. Without these people who gave of their time and effort, none of this would have happened. These are the people to whom all the honor and glory really belong. We thank the people at the top in their coats but the credit goes to the people who did the work in their shirt sleeves.

As we have said this is our final show under the auspices of the Florida Federation of Stamp Clubs. We hope you find this our finest show also. We as members of the Federation will hold many fond memories of our past and present visitors, friends, members, dealers, and judges. We hope when you and if you think of us there will be a smile on your face also. Parting is sad, but think of us with pleasant memories.

On behalf of all the members of the Florida Federation of Stamp Clubs and Show Committee, we wish you the very best in all your endeavors.

Edward Walter Parker  
President  
Florida Federation of Stamp Clubs

## WELCOME TO FLOREX 99!

On behalf of the organizing committee and the many member clubs of the Florida Federation of Stamp Clubs, welcome to FLOREX 99 - the end of the millennium and the final FLOREX. Why the final FLOREX? Here is why.

Phil Fettig has been either General or Assistant Chairman for 15 years; Barry Savedow has been Bourse Chairman for 15 years; Clyde Jennings has been on the Committee for 29 years; and I have been Assistant or General Chairman for 11 years. It is time for some new blood and fresh faces. Unfortunately, none have come forward.

Our thanks to the Florida Stamp Dealers Association for their generous donation of the Grand Award - a one ounce U.S. Eagle gold bullion coin. Our thanks also the Central Florida Stamp Club for providing volunteers for FLOREX and other major shows in the Orlando area, and a big 'thank you' to the Georgia Federation of Stamp Clubs for the loan of 200 frames.

I extend my personal 'thank you' and well-done to the committee members listed below. Your dedication and hard work has made FLOREX on the great national shows in the U.S. But the end is here. However, this is a celebration and not a wake.

So let's party heartily philatelically one more time.

PHIL STAGER  
General Chairman

# FLORIDA POSTAL HISTORY

## COURT OF HONOR EXHIBIT BY THE FLORIDA POSTAL HISTORY SOCIETY

The Florida Postal History Society is honored to have been selected to assemble this Court of Honor Exhibit of Florida Postal History. This exhibit is the joint effort of several members of our Society and represents a unique exhibit of not just one person's collection but a highlight of many collectors' finest examples.

It is appropriate for this the last FLOREX to select an exhibit of Florida Postal History. This exhibit will cover most aspects of of postal history from Florida and will encompass: the British Period (1763-1784), the Second Spanish Period (1784-1819), the pre-territorial or American Military Government Period (1821-1822), the Territorial Period (1822-1845), and the Statehood Period (1845-date), with examples from the Confederate States of America Period (1861-1865). Both rarities and more common usages will be shown. Stampless examples will be a highlight, but usages of U.S. #1 and #2 and other adhesive examples will be shown.

Examples from Confederate Florida will show both stampless and adhesive usages as well as examples of patriotic covers and adversity use of wallpaper and printed forms or maps when envelopes became scarce. All known stampless Provisional examples will also be shown. The Banknote Period will include examples of Postmaster and County postmarks which are quite scarce from Florida. The twentieth century will encompass the Doane, 4-bar, machine, rural free delivery, and R.P.O. postmarks.

In all, this is a remarkable 15 frame exhibit and is well worth viewing. Such an assemblage of Florida Postal History will never again be shown. The Florida Postal History Society thanks the Florida Federation of Stamp Clubs and FLOREX for allowing us the opportunity to assemble and display this exhibit.

# CUBAN PHILATELIC SOCIETY OF AMERICA, INC.

Our Society was organized early in 1971, as a co-operative effort for the purpose of promoting the Cuban philately and philatelic friendship among its members, assisting them in acquiring philatelic knowledge, and sponsoring studies and research of the Postal History and Stamps of Cuba.

From our small beginning, we now have several hundred members, including, student, collectors, and specialists, residing in the United States and abroad. Among them are members of the American Philatelic Society, the Philatelic Foundation, the Collectors Club of New York and many other prestigious organizations. We stress cooperative efforts and all members are urged to contribute with their knowledge. Thus, any member is at liberty to solicit information on his/her problem or research.

We also publish, three times a year each, the philatelic bilingual journals, "The Cuban Philatelist" and "El Boletín," the first one contains outstanding articles on all aspects of philately and the second one news about the Society and the philatelic world in addition to our mail auctions, which will give you the opportunity to dispose of your surplus material or acquire desirable ones.

If you find the above of interest, you are cordially invited to join our Society.

For more information and a copy of the latest issues of "El Boletín" and the Cuban Philatelist," please write to:

Cuban Philatelic Society of America, Inc.  
P.O. Box 141656  
Coral Gables, Florida 33114-1656

Nuestra Sociedad fue fundada a principios de 1971 en un esfuerzo conjunto para promover la filatelia cubana y la amistad filatélica entre sus asociados, asistiéndolos a adquirir conocimientos filatélicos y patrocinando estudios e investigaciones de la historia postal de Cuba, así como su emisiones postales.

Desde nuestro pequeño comienzo, hemos llegado a tener varios cientos de socios, entre los que se encuentran estudiosos, coleccionistas principiantes, medios y avanzados, que residen tanto en Estados Unidos como en el resto del mundo. Entre ellos se encuentran coleccionistas muy reconocidos, y muchos miembros de la American Philatelic Society, la Philatelic Foundation, the Collectors Club of New York y otras organizaciones de igual prestigio.

Nosotros le damos el mayor énfasis al apoyo de nuestros socios y tratamos de que los miembros con mayor experiencia contribuyan a dar la mayor y mejor información de acuerdo con sus conocimientos.

Así que todo asociado se encuentra en libertad de obtener información que le aclare sus dudas o trabajo de investigación.

La «Cuban Philatelic Society of America» publica dos revistas bilingües cada cuatrimestre: «The Cuban Philatelist» y «El Boletín». En la primera de estas publicaciones encontrará los mejores artículos sobre la filatelia cubana y en la segunda noticias sobre lo que está pasando en la Sociedad y el mundo de la filatelia además de una subasta que le dará la oportunidad de vender su material sobrante o de adquirir piezas que le faltan.

Si lo expuesto anteriormente le parece interesante, está cordialmente invitado a unirse a nuestra Sociedad.

Para información adicional, así como para recibir una copia del último número de «El Boletín» y «The Cuban Philatelist», escribanos.

# AMERICAN HELVETIA PHILATELIC SOCIETY

By Harlan F. Stone

The American Helvetia Philatelic Society (AHPS) is the largest group for collectors of Switzerland outside that country. The current organization dates from 1975 but traces its lineage back to 1938. That year six Swiss and three Americans founded the original Society for Collectors of Switzerland in Philadelphia.

Today AHPS offers a full range of services to more than 450 collectors primarily in the United States, but also in Canada, Great Britain and Switzerland, from new issue fans to international exhibitors.

AHPS members have said, in a past survey, that they collect Swiss stamps for one of four reasons: family ties to Switzerland, the experience of living or visiting there, the fine design and printing quality of Swiss stamps, or the country's solid reputation for a conservative stamp-issuing policy and hard currency.

The society's primary service is its bimonthly journal named *Tell* after William Tell, the legendary Swiss folk hero. This publication contains original research articles, translations, new stamp issue information, literature reviews, society news, reports on related activities by societies in Switzerland and Great Britain, and advertisements from U.S. and foreign dealers.

An AHPS cumulative index, starting in 1938, lists articles published in all the U.S. society publications for collectors of Switzerland up to 1985. A supplement covers 1986-1997.

Bimonthly mail auctions, included in *Tell*, contain both popular and specialized stamps and postal history covers. These auctions are also available on-line with computer-scanned images of the lots in color.

## AMERICAN HELVETIA PHILATELIC SOCIETY (CONT.)

Sales circuit books are distributed to members with material matching their interests as a service to both buyers and sellers.

Six AHPS slide shows and a video film are available on loan to any organization. An introductory show is called "Switzerland: A Panorama of Its Postal History and Stamps." Another describes the history of the St. Gotthard Railway from 1882 to 1982 through philatelic material.

Swiss-designed medals for exhibit awards are available to all U.S. shows for the best exhibits of Switzerland, Liechtenstein and Swiss-related United Nations material. These AHPS awards include the Sophie Buser Memorial Youth Award, named for one of the society's 1938 founders, who died in 1997.

AHPS national conventions are held in different parts of the country every 12 to 18 months. Convention exhibition awards include a best one-frame award, a novice award, and the Felix Ganz Memorial Grand Award, named for an internationally-known researcher, prolific writer and frequent exhibitor who died in 1990.

An affiliate of AHPS is Liechtenstudy for collectors of Liechtenstein. This group has grown to be a major organization in its own right, with official assistance from the Principality of Liechtenstein.

AHPS is Affiliate No. 52 of the American Philatelic Society. It is also a member of the Union of Swiss Philatelic Societies, giving AHPS members access to the union's monthly journal *Schweizer Briefmarken Zeitung (SBZ)* and the opportunity to exhibit in Swiss shows.

AHPS annual dues are \$20 in North America or \$30 overseas. Membership information is available from the secretary, Richard T. Hall, P.O. Box 666, Manhattan Beach, CA 90267.

## PRESIDENTIAL SERIES COMMITTEE BUREAU ISSUES ASSOCIATION

We are a group of Twentieth Century stamp and postal history enthusiasts interested in the 1938 Presidential Series (or simply The Prexies) from their issuance in 1938 through the late '50s when the series was replaced by the Liberty Definitives.

The Committee has grown over the past few years to include other stamps issues of the time period (i.e., Famous Americans, Overrun Countries, and the Transport Air Mails).

Our Committee is a sub-group of the Bureau Issues Association (BIA), the society dedicated to the study of our nation's postage stamps. We currently have over 100 members, a periodic newsletter, and regional meetings at national stamps shows around the country.

Our membership is open to all. There are no formal dues requirements, but we do depend on the "kindness" of members, whether through money, postage, or auction donations.

For a sample of the Committee's newsletter, please contact:

## FLORIDA POSTAL HISTORY SOCIETY

The Florida Postal History Society is pleased to be honored at this, the final FLOREX, with a 15 frame **Court of Honor** exhibit of Florida Postal History. Our Society is deeply associated with the Florida Federation of Stamp Clubs and FLOREX. The Florida Postal History Society was re-activated at an organizational meeting held at FLOREX on November 6, 1992. The Society had been the idea of several postal historians interested in Florida Postal History and had its roots in the early 1980's with the late Larry Resnick spear-heading the idea. Unfortunately, it lay dormant until 1992. An initial 44 Charter members joined in 1992. Deane R. Briggs, M.D., was elected as the first President, with Donald G. Thompson, as Vice President, and the late William J. Bomar as Secretary-Treasurer.

Membership now numbers 98. The Society is recognized as the American Philatelic Society Affiliate Number 227. Niles F. Schuh is the current President, Herbert P. McNeal, past President, Donald G. Thompson, Vice President and Deane R. Briggs, M.D., Secretary-Treasurer. Meetings of the Society have been held annually at FLOREX, and since this year will be the last FLOREX, subsequent meetings will be held in February each year at the Sarasota National Stamp Exposition. The Society publishes a very scholarly *Florida Postal History Journal* semi-annually.

Anyone interested in Florida Postal History is encouraged to join the Society. Applications can be obtained from Deane R. Briggs, M.D., 160 E. Lake Howard Dr., Winter Haven, FL 33881, fax (941) 299-7666 or e-mail drb@gte.net. Dues are \$10 per year and includes copies of the journal and pre-publication discounts on society publications such as the recently published text, *Florida Stampless Postal History 1763 - 1861*. This text is a significant expansion of the Florida Federation of Stamp Clubs 1957 Handbook, *Florida Postal History and Postal Markings During the Stampless Period*, published by the Palm Beach Stamp Club. This new text is 320 pages of maps, reference data and actual full size tracings of all known stampless markings. It is limited to a total publication of 500 copies. A limited number of soft-bound "Otobind" copies are still available for purchase at the Central Florida Stamp Club desk for \$45.00. This text is now the definitive reference catalog on Florida "Stampless" postal history.

## FSDA FALL 2000 SHOW

**a winning combination!**

November 3 - 5, 2000

Orlando Expo Centre

*A new century and a new show!*

The Florida Stamp Dealers Association (FSDA) has long been one of the major supporters of the Florida Federation of Stamp Clubs and of FLOREX. We are sorry that FLOREX is coming to an end, but we remain committed to the future of philately in Florida. We are pleased to announce a new show for the Orlando area next fall. It should include 25-35 dealers, a post office, youth area and informative displays. We also look forward to returning to the St. Petersburg area, a long time favorite location of early FLOREX shows. We bid a fond farewell to FLOREX and look forward to your support for this new show.
